

Student Information

Detailed student information is available in our Student Handbook.

Assessment

All assessments will be based on the principles of competency-based training and assessment. In general, a holistic approach will be taken to assessment, using one or two integrated tasks which cover the unit requirements. Appropriate tasks may include role plays, compilation of a personal portfolio or research and preparation of an application. Students who do not attend class may not be assessed.

Recognition of Prior Learning

Applicants can apply for relevant work experience and prior informal learning obtained through training and education, to be assessed by an RPL process. Students should notify of their intention to apply for RPL. A fee will apply.

Certificate

Upon satisfactory completion of course qualification requirements, students will be issued a Certificate or Statement of Attainment for units successfully completed. For further information refer to your Student Handbook.

This course can lead into further study and or employment opportunities in the Community services Field.
